Name of the contractor if this project requires a building permit Or indicate () work done by owner

Proposed Work: What work do you plan to do? Please be as specific as possible including a complete description of the part of the structure where work will be done.

Example #1: Rather than "Build new garage"

Say "Build new two car garage near northeast corner of lot, wooden frame with clapboard siding, paneled metal overhead door, person door on the north side and one window at the rear. "

Example #2: Instead of "New front door"

Say "Install a new wooden front door to fit original opening in width and height, to replace the existing metal paneled door. See drawing/photo for appearance" Specify the measurements of the width and height of the original opening. Include a storm door if that is part of the project

For more complex projects, please include as many **continuation or illustration sheets** as you need to present a clear picture to the commission of your proposed work.

- Drawings – black or blue black ink on white paper. Electronic submissions are encouraged. Drawings should include dimensions of the existing part of the building and the proposed work.
- You need submit only one set of drawings; city staff will make the necessary copies. If you want to submit color copies to illustrate your work, please submit 8 sets (one for each commissioner and one for the coordinator's files.)
- Use the checklist to be sure you have supplied all the important information.
- For new construction (exterior stairs, new garage, reconstructing a porch, etc) a site plan WITH a north arrow is required.

**(_____) This property has at least one working smoke detector for each dwelling unit. Please initial to verify at least one working smoke detector in each dwelling unit. This is REQUIRED by state law or the application will be considered incomplete.*

PHOTOS: The historic preservation coordinator is responsible for taking photographs of the proposed work and the structure. If you wish to take additional photos, one set is usually adequate for the commissioners to examine. (*Hint: Photos are much easier to pass around in a photo album page.*)

Emergency repairs: If damage occurs to a structure in a historic district, which requires emergency repairs, steps may be taken to secure the structure without the approval of the commission or the coordinator. Cover damaged windows or holes in a roof with tarps or wood to prevent further damage. Support dangling or loose elements or remove and store them. Notify the Coordinator of the damage to the structure on the first weekday available after the damage occurs and the coordinator will visit the structure as well as arranging a site visit by commission members to approve repairs if necessary. **THIS WILL BE DONE AS QUICKLY AS POSSIBLE IN ORDER TO FACILITATE REPAIRS OF THE STRUCTURE IN A TIMELY MANNER.**

If you have questions about completing this application for project review, please call the Historic Preservation Coordinator at: (269) 337-8804 or by email at ferraros@kalamazoo.org
